

AMENDMENT TO DRAWINGS

The sheet of drawings attached as part of the Appendix includes changes to Figure 3. This sheet, which includes Figure 3, replaces the original sheet including Figures 3. The Figure has been modified to include the translation.

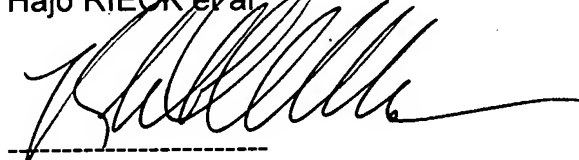

REMARKS

The Examiner is respectfully requested to enter the foregoing amendment prior to examination of the above-identified patent application. Moreover, the amendments to the specification are fully supported by the preliminary amendment July 12, 2005.

Applicants note that the instant amendment has been prepared to remove multiply dependent claims in order to reduce governmental filing fees and to present the claims in better form for U.S. patent prosecution. Thus, Applicants submit that the instant amendment has not been made for any reasons related to patentability such that no estoppel should be deemed to attach.

Should there be any questions, the Examiner is invited to contact the undersigned at the below-listed telephone number.

Respectfully submitted,
